WELCOME FROM THE HEADMASTER

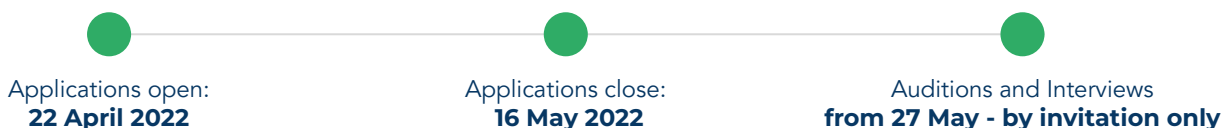

As a school, BSAK's success comes from a balanced and holistic drive to provide the very best education to each and every one of our students. Our high academic standards coupled with an extensive co-curricular programme clearly testify to this.

The opportunities and possibilities open to all BSAK students, inside and out of the classroom are diverse and founded on a full regard for our students' wellbeing and personal development. The BSAK Scholars Programme is our way of putting in place a provision to support our most talented students. In many schools, this is referred to as the 'gifted and talented programme', but at BSAK this is an augmentation of the exceptional education that we provide to every student and it runs alongside the academic, sporting and music opportunities that are open to all.

It is simply a way of making sure that we offer opportunities to challenge our most capable students, to enable them to exceed expectations and achieve their best. Are you excited by the idea of working with highly experienced teachers and of challenging yourself to excel at your talent? If you are, then the BSAK Scholars Programme could be for you. We hope that you find this brochure helpful and very much look forward to receiving your Application.

WHY

JOIN OUR PROGRAMME?

BSAK has the only Music Department in Abu Dhabi offering tuition across the complete range of orchestral instruments from a dedicated full-time music staff.

Music students excel at BSAK, typically achieving high marks in both the ABRSM music examinations and in Trinity Classical, Music Theatre and Rock & Pop. The average BSAK scores far exceed the global average. In 2020 three BSAK students were crowned the winner of their category in the BSME Young Musician of the Gulf competition. Our Funky Brass Group also reached the final of the large ensemble category. In 2021, a BSAK student won the plucked strings award for a 4th consecutive year. BSAK musicians also made up one third of the finalists in the recent Abu Dhabi Young Musician competition held at the school.

Expectations

The BSAK Scholars Programme exists not only to support and enhance the education of the most gifted, but also so that the scholars may enrich the learning environment at BSAK for the benefit of others. For a Music Scholar this might mean taking a leading role in a number of school ensembles, or setting a good example of attitude and showing outstanding commitment to instrumental practice and self-improvement. In other words, we are looking for capable and talented ambassadors of Music. Scholars will be expected to sing in at least one of the School Choirs to enhance their note and sight-reading ability.

Benefits

- Tuition and guidance from some of the best instrumental teachers in the Middle East
- Access to a wide range of co-curricular ensembles
- A tailored programme of enrichment and development and regular Scholars Talks
- A dedicated music mentor to oversee each individual's progress and musical commitments
